

Visualization of TryTryp and HomoC tRNA genes as inputs for tsfm

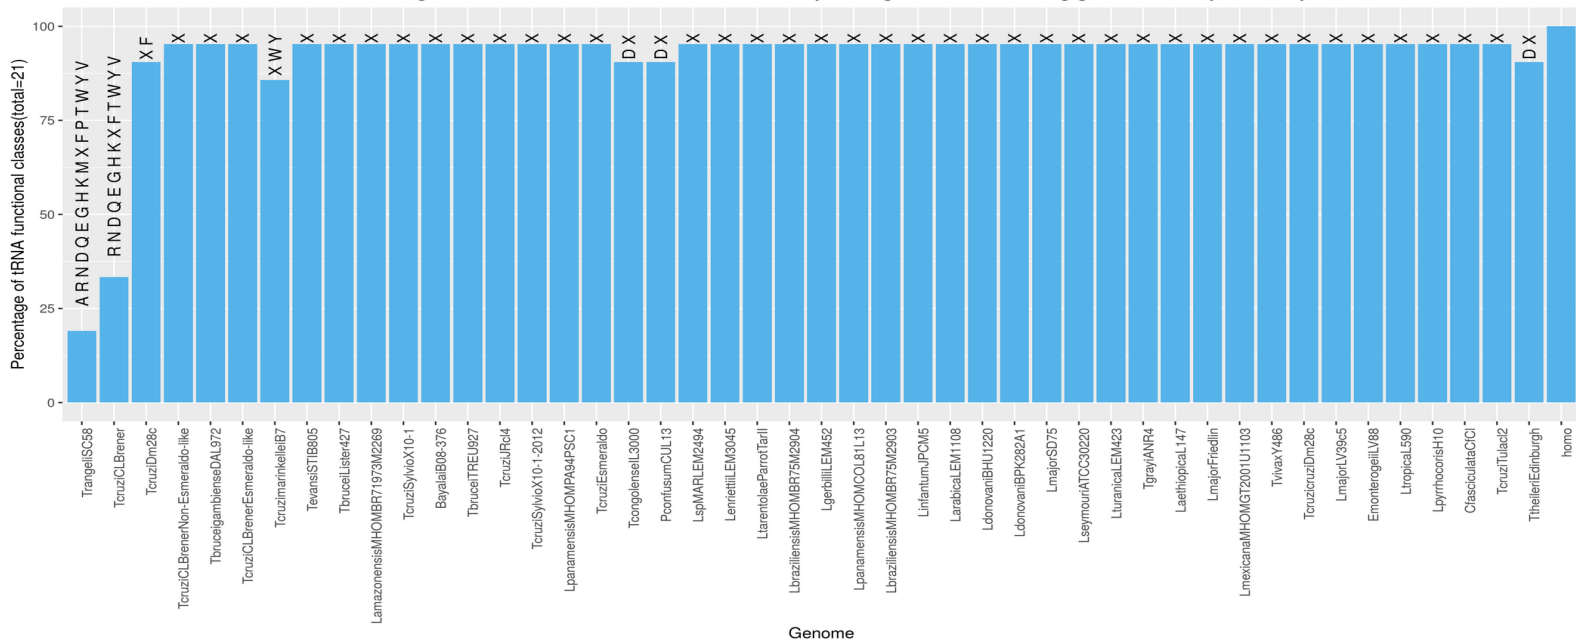

[Data](#) and script can be found [here](#)!

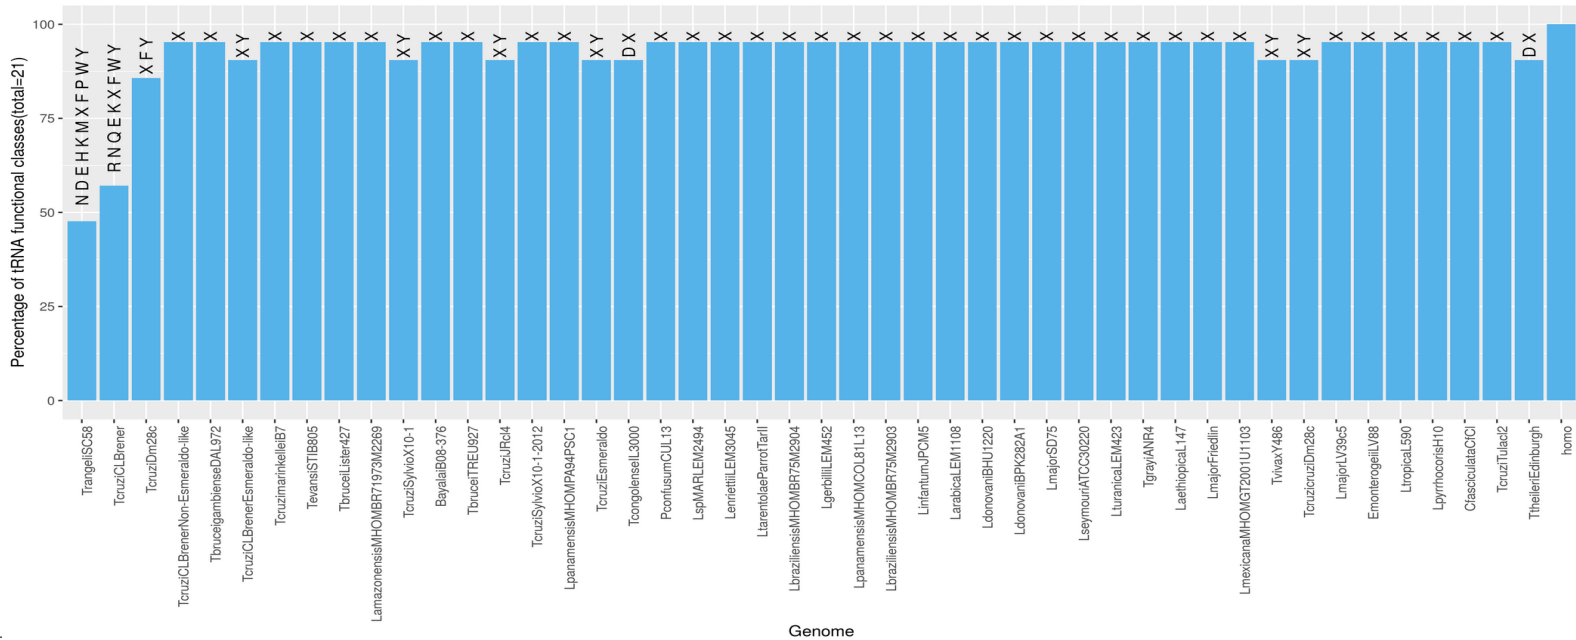

Percentage of 21 tRNA functional classes covered by each genome

Percentage of 21 tRNA functional classes covered by each genome considering genes found by TSE only

Percentage of 21 tRNA functional classes covered by each genome considering genes found by ARA only

Genes found by both tRNAscan-SE and Aragorn with different identities

<Aragorn Identity>   <tRNAScan Identity>	D I	L ?	L E	L M	N Y	O M	S R	W G
frequency	5	3	1	9	11	2	1	3
